

Atlas Copco

The ready to go range

The 8 Series. What do you tow?

Introducing the 8 Series

The 8 Series compressor range is the result of over a decade of continuous development. For the first time, it's possible to transport behind a normal passenger car, with no special driving license, a compressor that can produce up to 5.3 m³/min of air, with a full size fuel tank, aftercooler and integrated generator all incorporated into a compact and lightweight package.

Best in class efficiency

Efficiency can mean many things, such as reduced service time, fuel consumption or increased utilization. The 8 Series ticks all the boxes when it comes to delivering outstanding performance in all of these categories.

Fit for the roughest circumstances

Lastly, depending on your application you might ask about robustness, durability, ruggedness or toughness – we have one simple word for all of the above – The HardHat canopy.

8 Standard features that make the 8 Series the best

One machine generating both Air and Power

8 Series compressors with integrated generator

When you need to power an electric light tower, electric tools, small hydraulic equipment... For all electric needs up to 400V, there is no need to tow in a generator. The diesel driven 8 series compressors are also available with integrated generator. Up to 5 m³/min and 400V in one single canopy, protected by a Hardhat cover.

Generator options

230 / 400V Generator

- All models come with three sockets:
1 x 400 V 16 A, 2 x 230 V 16A
- 6 kVA circuit breaker: 4 P 10 A
- 9 kVA circuit breaker: 4 P 13 A
- 12 kVA circuit breaker: 4 P 16 A

2000 hr 
maintenance interval
generator belt

IT relay standard.
No extra 
earthing needed.

8 step simple service

1

Draining
all liquids

Centralized
draining point

2

Drain and replace com-
pressor oil

Accessible drain point
below vessel

3

Drain and replace
engine oil

Easy inlet pour

4

Replace engine
air filter

Easy clip
in changeable filter

5

Replace compressor
air filter

Easy clip
in changeable filter

6

Replace engine
oil filter

Easily
accessible spin on
engine oil filter

7

Replace compressor
oil filter

Easily
accessible spin on
compressor oil filter

8

Replace compressor
separator element

Easily
accessible spin on
separator element

All this can be done in minutes – not hours,
with no special tools needed

Dimensions and weight (box unit / undercarriage*)

Length	mm	1940 / 2290
Width	mm	1180 / 1350
Height	mm	1150 / 1400
Weight (box/portable)	kg	650 - 685 / 749 - 785**

* Undercarriage is fixed towbar with no additional brakes

** Except XAS 98G with undercarriage 820 kg

Available options include:

- Adjustable towbar with brakes
- Adjustable towbar without brakes
- Fixed towbar with brakes
- Fixed towbar without brakes
- Support mounted
- Support leg
- Jockey wheel
- Road signalization + wheel chocks
- Towing eye (AC, Ball coupling)
- Loose ball coupling
- Cold start

Power Technique Solutions Portfolio

Atlas Copco's Power Technique Business Area has a forward-thinking philosophy. For us, creating customer value is all about anticipating and exceeding your future needs – while never compromising our environmental principles. Looking ahead and staying ahead is the only way we can ensure we are your long term partner.

Air compressors*

Ready to go

Versatility

*Diesel and electric options available

Productivity partner

Handheld tools

Pneumatic tools

- Breakers (2,5 – 40 kg)
- Rockdrills (5 – 25 kg)
- Underground Rock Drills
- Additional Air Tools

Hydraulic tools

- Breakers (11 – 40 kg)
- Additional Hydraulic Tools
- Powerpacks

Petrol engine driven tools

- Breakers & Tie Tampers (25 kg)
- Rockdrills (23 Kg)

Generators

- Portable
- Mobile
- Industrial

*Multiple configurations available to produce power for any size application

Light towers

- Diesel LED and MH
- Electric LED
- Battery LED

Dewatering pumps

- Submersible
- Surface
- Small portable

*Diesel and electric options available
